

## National Crime Prevention Council *Note to the Field*

October 15, 2020

### Crime Prevention Month Week 3 *Working Together to Reduce Violent Crime*

For Week 3 of Crime Prevention Month, NCPC is partnering with the U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Bureau of Justice Assistance (BJA) National Officer Safety Initiatives (NOSI) Program to help keep communities safe from the damaging impacts of violent crime.

Just as McGruff® has for forty years, NCPC remind communities and individuals that driving down violent crime is a responsibility shared by all and that we should all Take A Bite A Bite Out Of Crime®. You can support violence prevention efforts by helping NCPC educate people young and old this week and year-round about the steps we can all take to protect ourselves and our neighborhoods – because everyone's safety depends on it.
